# Gel Polish Manicure

Red & French

Score Sheet

Red Polish Hand

**POLISH Right**

Is the red gel polish applied smoothly and evenly with no streaks, air bubbles, or imperfections? Is the coverage consistent across all nails?

**Cuticle Margin & Neatness**

Is there a consistent 1mm gap from the cuticle with no flooding or product on the skin?

**Surface Finish**

Is the surface glossy and smooth with no lumps, dust, or uneven texture?

Both Hands	Points Achievable	Score Given
<b><u>Shape &amp; Length Consistency (Both Hands)</u></b> Are all nails consistent in shape and length across both hands? Are they appropriate and well-matched?	10	
<b><u>Convex</u></b> A consistent structure has to follow the shape of the entire nail down the entire length of the nail in convex. It must be symmetrical & even on all fingers.	10	
<b><u>Hair Line &amp; Free Edge Thickness</u></b> Nails must be uniformly thin with consistent free edge thickness. Thinner, even work reflects higher technical difficulty.	10
